

# European Input List FiBL

*European Input List for Organic Production >> EU List - Search*

## European Input List - Search

All products shown in the European Input List comply with the EU regulations No. 834/2007 and No. 889/2008. Products linked to a country code (column 4 of search results) comply with the national requirements for organic production of the respective country and may be legally placed on the market in that country.

\* For products not linked to a country code the user must ensure compliance with national legislation prior to using the product. The same applies if products on the European Input List are being applied in countries different from the ones indicated through the country codes.
